Frontend web developer Passionate about UI/UX Design. I enjoy turning ideas into clean, interactive websites using HTML, CSS and JavaScript. I care deeply about both visual and user experience-making sure every site feels smooth and looks great on any device. Currently enrolled in Fullstack Web Developer Bootcamp at Harisenin.com, constanly learning and building to improve my skills and create better web experiences.

Professional Experience

Solo Project - Portofolio Website

Built a personal portofolio website from scratch to showcase my web development projects and skills.

18/2025 - Present
Bekasi, Indonesia

- Developed using only HTML, CSS, and JavaScript - no framework.
- Implemented smooth scrolling, hover effects, and responsive design

Solo Project - Restaurant Website

Designed and developed a modern restaurant website using HTML, CSS and JavaScript.

12/25 - 16/05/2025
Bekasi, Indonesia

- Used animations and transitions to enhance the user experience.
- Designed with mobile-first principles to ensure smooth experience on all devices.
